EXPERIENCE

Web Development Intern Certificate

JBM Neel Metals **December 2024 - January 2025, Onsite**

- **Developed a responsive product management platform** using the **MERN stack**, ensuring secure user authentication and efficient product tracking.
- **Integrated MongoDB for scalable data management** and built **RESTful APIs** for seamless communication between the frontend and backend.
- **Collaborated with cross-functional teams**, leveraging **Git for version control** and following **Agile methodologies** to deliver a high-quality solution.

AWS AI Practitioner Certificate

March 28, 2025 - March 28, 2028

- Gained hands-on experience with **AWS AI/ML services** such as **Amazon SageMaker, Rekognition, Polly, and Textract**.
- Applied **machine learning concepts** to real-world scenarios, including **data preprocessing, model deployment, and inference using AWS AI services**.
- Familiarity with **AI ethics, bias mitigation, and responsible AI** within cloud-based machine learning solutions.

PROJECTS

Decentralized Fiver : SAAS

VIT • https://github.com/ManvendraPSdev/dec-fiver • October 2024 - November 2024

- **Developed a secure and transparent task management system** using **Next.js, Node.js, TypeScript, and Prisma**, integrating **Solana Web3** for blockchain-based authentication and on-chain payments.
- **Implemented decentralized authentication and payment processing** with **Phantom wallet**, ensuring fund locking, worker compensation, and seamless Web3 interactions.
- **Optimized performance and security** by utilizing **AWS services (S3, CloudFront CDN)** for image handling, **PostgreSQL** for data management, and **Prisma ORM** for efficient database operations.

DevStudio : Cloud-Based Code Editor SAAS

VIT • https://github.com/ManvendraPSdev/DevStudio • January 2025 - January 2025

- **Developed a modern web-based code editor** using **Next.js 15, React 19, and TypeScript**, leveraging **Clerk** for authentication, **Convex** for real-time database management, and **TailwindCSS** for responsive UI.
- **Optimized performance and developer experience** by integrating **Turbopack (Next.js bundler)**, enforcing **ESLint rules**, and ensuring strict type safety across the application.
- **Deployed a scalable cloud-based solution** with **Vercel for frontend** and **Convex for backend**, following best practices in state management, authentication, and security.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

VIT Bhopal University • Bhopal • July 2026 • 8.21

- Relevant Coursework: Object Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Computer Networks, Machine Learning, Data Mining, Advanced Data Structures and Algorithms, Information Retrieval, Image Processing

CERTIFICATIONS

AWS Certified AI Practitioner

Google -Bits and Bytes of Computer Networking

ACHIEVEMENTS

- Core team member in Software Developer club
- Solved 200+ question on Leetcode
- coding rating - 1564
